### TENAX TIXO

1 Liter: 1CAA00BL60  
4 Liter: 1CAA00BL70  
17 Kg: 1CAA00BL80

Knife grade Tixo is a high viscosity polyester adhesive used to vertically or horizontally repair, rebuild, bond, and fill. Knife grade Tixo is very smooth in consistency and will cure shiny, is very polishable and colors easily to match the stone. It cures fast and bonds extremely strong. Cures in lower temperatures. Not suitable for temperatures below 32°. Recommended for interior use.

Gel Time: 3-4 min  
Tacky Free Time: Approx. 25-35 min  
Working Time: 60-80 min.

### TENAX HARDENER

6 oz.: 1PAA00VC90

Glydex is an anti-stain, water and oil proof sealer for granite and similar stone. Water based, Glydex is completely free of organic solvent (VOC free). Glydex operates on the surface of the stone. Glydex fills the microporosities of the stone to prevent liquids from penetrating the material yet remains permeable to vapours, allowing the stone to breathe and keep the characteristics of the stone unchanged. Glydex has an excellent drop property and it is an excellent anti-graffiti: a permanent marker is easily removable. Does not create a superficial film and will not change color of the stone. UV stable.

### TENAX GLYDEX

1 Liter: 1MTGLIDEX  
200 MI: 1MTGLIDEX200

### TENAX UNIVERSAL COLOR KIT - 10 PC

1H3584ASET Brilliant colors. Perfect consistency for mixing. Twistlock spill proof cap to prevent leakage. Specifically designed nozzle for small amounts of color per drop...a little goes a long way. Individual colors available in 2.5 oz. or 10 oz. bottles. For polyester and epoxy glue. Indoor or outdoor use.

### WEHA 2" X 2" VACUUM BRAZED ZERO TOLERANCE WHEEL

The Weha 2" x 2" Vacuum Brazed Zero Tolerance Wheel Coarse grit with 5/8"-11 thread is excellent for shaping and dressing up granite and natural stone. The great advantage of using Vacuum Brazed Zero Tolerance Cutters is that they will not lose their shape, they can be used dry or wet with the center water feed holes. They offer virtually chip free stock removal. Because the Weha 2" Zero Tolerance cutter is small in diameter, it reaches into those tight corners for very tight, smooth grinding. Zero Tolerance wheels are much safer than using Silicon Carbide Cup wheels. The best choice for use on by hand tool or with a radial arm with no template. Max RPM: 4000. Part #30205

### WEHA 2" X 1 5/8" ZERO TOLERANCE - COARSE

Weha 2" Coarse Grit Diamond Zero Tolerance Drums are Premium quality zero tolerance wheels that perform with the best brand names in the industry. Each individual Zero Tolerance Wheel is perfectly balanced to make sure it runs true with no bouncing. As an aggressive stock removal tool, the Weha Resin Filled Zero Tolerance Wheel is designed to rapidly remove stock to get the counter top to the exact line needed for polishing or shaping. Although made with an aggressive bond, the resin in the Weha Zero Tolerance wheel will keep the stone smooth with drastically reduced chipping and blowouts. The Weha Resin Filled Zero Tolerance wheels are so much safer than using the Silicon Carbide stones. Part #30211

### WEHA 4" RUBBER TURBO DIAMOND CUP WHEEL - COARSE

The Weha Rubber Diamond Turbo Cup wheel is ultimately the smoothest running diamond cup wheel produced. The Weha Rubber Diamond Cup Wheel has traditional diamond segments. Built with a specially designed rubber that separates the diamonds from the aluminum thread, it completely absorbs all vibration from the tool and the stone. Excellent on granite, marble, Quartzite and Engineered stone. Less operator fatigue Allows grinders to last longer. Can be used wet or dry. Max 10,000 rpm. Part #50250

### WEHA 5" VACUUM BRAZED MARBLE CONTOUR BLADE

The Weha 5" Vacuum Brazed Contour Blade is designed specifically for marble and other soft stones. Perfect for cutting vanity bowls. diamonds extend a full 1 1/4" down the blade for easy bowl cutting and tight radius cuts. Very aggressive. Great life Vacuum Brazed for life and speed. 7/8-5/8 included. Part #50510

### WEHA 5" X 7/8" ARBOR VACUUM BRAZED MARBLE BLADE

Weha Vacuum Brazed Marble Blade is designed specifically to work on marble, limestone, travertine, and other soft stones for a virtual chip free cut. New patented Vacuum Brazing Technology. Drastically longer life. Extremely fast, aggressive cut. Part #5125090
